Fostering is a very important tool in our adoption process. Without your participation, we would not be able to bring greyhounds into our program. Your feedback on the foster report is vital to GPA in order to place the correct greyhound in the right home, and your training, love, patience and positive discipline helps prepare our greys for life in their forever homes. You will be provided a sample report when fostering.

We do our best to match the dogs to your lifestyle and temperament of your home.
